Have you ever thought about becoming a foster or adoptive parent? Join us to learn more about the process of becoming an adoptive resource through The Children's Home of Pittsburgh, an affiliate of the Statewide Adoption and Permanency Network (SWAN). During this informational session, we will provide you with general information about adoption through foster care and what to expect if you decide to work with The Children's Home! Staff will be available to answer any specific questions you and your family have about the process.

This is an information session and anybody considering adoption from foster care is welcome to attend. There is no obligation to become a certified adoptive family through our agency if you attend this orientation.
